Introduction

Innovate Awarding

Innovate Awarding Organisation (IAO) is an End-point Assessment Organisation (EPAO) approved by the Education and Skills Funding Agency (ESFA) and a nationally regulated Awarding Organisation (AO) with a collaborative approach to doing business. We work with employers and training providers to deliver fit for purpose End-point Assessment and qualification services in a number of sectors. We provide information on the processes to enable employers and training providers to support the apprentice to achieve the End-point Assessment. We will conduct the end point assessment for the **Level 5 Leader in Adult Care** apprenticeship standard.

Apprenticeship Overview

Overview of the standard including what's involved and key elements of the standard.

Sector	Care services
Standard Name	Leader in Adult Care
Standard Reference	ST0008
Programme Duration	18 months
Minimum Time on Programme	12 months
Assessment Plan Version	AP02
EPA Duration	3 months
EPA Methods	<ul style="list-style-type: none"> • Observation of Leadership • Professional Discussion
Grading	Pass/Distinction
External Quality Assurance Provider	Ofqual

Who is the apprenticeship for?

The Leader in Adult Care will guide and inspire teams to make positive differences to someone's life when they are faced with physical, practical, social, emotional, psychological or intellectual challenges. They will be a leader of the care team and will develop and implement a values-based culture at a service or unit level. They may be responsible for business development, financial control, organisational resilience and continuity as well as for managing risk and leading on organisational change.

On Programme Journey

The on programme learning and development will be agreed between the training provider and employer, or internally if training is delivered by an employer provider.

Gateway

To progress through Gateway the apprentice must have:

- Consistently been working at or above the level set out in the standard
- Achieved level 2 English and maths
- Achieved the Level 5 Diploma in Leadership and Management for Adult Care

To reach Gateway the employer, training provider and apprentice must agree that all training has been completed. This will be confirmed at the Gateway meeting and evidenced on EPA Pro, notifying Innovate Awarding that the apprentice is ready for their End-point Assessment.

End-point Assessment

The End-point Assessment tests the knowledge, skills, and behaviours that an apprentice has acquired during their training. EPA demonstrates the competence of an apprentice in their role as a Leader in Adult Care. This competence is valued by current and future employers.

What will the End-point Assessment look like?

A planning meeting will take place once gateway has been passed and the apprentice has been deemed ready for End-point Assessment.

The purpose of a planning meeting is to:

- Plan when the assessments will take place
- Identify the requirements of each assessment method
- Answer any questions/concerns the apprentice may have about the assessment process
- Aid in the preparation requirements (e.g. arranging access, facilities, and resources)

This meeting is conducted remotely.

Support Materials

Support materials that we will provide include:

- Apprentice journey
- Apprentice assessment guidance
- Observation of leadership planning and evidence locator document
- Mock observation of leadership record
- Mock professional discussion record

What is the Observation of Leadership?

The Observation of Leadership requires the apprentice to demonstrate leadership to an organisational audience. This assessment method will last a total of 90 minutes and is comprised of two stages: observation plus questioning by the end-point assessor in order to assess the apprentice's related underpinning knowledge and to seek clarification on points which were not clear in the observed activity. The observation must take 60 minutes. The post-observation question session will take 30 minutes and will follow the observation. The end-point assessor may increase the total time of this assessment method by 10%, the additional 10% may be applied across either stage.

For the assessment the apprentice will be observed leading an activity such as:

- Service development/improvement plans, for example: presenting or reporting on frontline delivery work in supporting those who use services to improve outcomes.
- A response to regulatory and legislative requirements, for example: working with external partners, funders, stakeholders. This may be in the form of a meeting to plan for changes to service provision based on regulatory and legislative requirements arising from inspections.
- Development of service provision, for example, this may be in the form of presenting some information or analysing data in relation to evidence based practice to develop or improve the service provision.
- Setting up new service provision, for example, presenting outcomes from market research in relation to unmet need, financial viability and local strategic direction. This could include invitations to tender applications.
- When and how to trigger a best interest meeting, who should be involved and what their roles and responsibilities should be. For example, preparing for a best interest meeting, the rationale around the need to trigger the meeting and interrogating internal procedures and processes in relation to this.

The apprentice must plan the observation in advance in order to ensure that they will be able to demonstrate all of the required Knowledge, Skills and Behaviours (KSBs) in order to pass this assessment. The apprentice must complete the Observation of Leadership Planning and Evidence Locator document and submit this to Innovate Awarding at gateway. The plan must include which members of staff or colleagues will need to be there and if any permissions need to be sought.

The end-point assessor will review the Observation of Leadership Planning and Evidence Locator document to check if the planned activity has the scope to meet the criteria covered by this assessment. If for any reason the plan is not approved, the apprentice must send a revised Observation of Leadership Planning and Evidence Locator document within one week.

The apprentice must ensure that the appropriate organisational staff are present at the activity and are notified in advance.

During the post-observation questioning session, the independent assessor will ask a minimum of 4 set open questions to assess related underpinning knowledge linked to K12: Models of monitoring, reporting and responding to changes in health and wellbeing.

Apprentices will need to explain how they have considered K12 when demonstrating leadership.

The post-observation questions will be focused on the following 4 areas:

- The principles of adult safeguarding - Empowerment, Prevention, Proportionality, Protection, Partnership and Accountability
- Relevant legislation
- CQC regulatory requirements
- CQC Key lines of enquiry (KLOE) - Safe, Effective, Caring, Responsive and Well-led

What is the Professional Discussion?

This assessment will take the form of a professional discussion, which will be appropriately structured to draw out the best of the apprentice's competence and excellence and cover the Knowledge, Skills and Behaviours (KSBs) assigned to this assessment method.

The professional discussion can take place in either of the following:

- employer's premises
- a suitable venue selected by Innovate Awarding (e.g. a training provider's premises).

This assessment method will offer a full synoptic assessment, testing aspects of knowledge, skills and behaviours. It will allow the apprentice to evidence both the knowledge gained and its application through skills and behaviours. The discussion will allow the end-point assessor to thoroughly test understanding through open and follow up (clarification) questions.

The end-point assessor will conduct and assess the professional discussion.

The professional discussion will last 90 minutes (+10% at the discretion of the end-point assessor to allow the apprentice to finish their last answer). The discussion will be a 1:1 conversation. Video conferencing can be used to conduct the professional discussion.

The professional discussion should take place in a quiet room, free from distractions and influence.

The end-point assessor will make all grading decisions

Assessment Overview

The End-point Assessor will review the evidence for each apprentice and grade the apprentice on the following scale: fail/pass/distinction. The End-point Assessor will make the final decision as to whether the standard has been met or not.

All apprentices must participate in all elements of the End-point Assessment and achieve a minimum of a pass for each component.

Grading

Each component of End-point Assessment will be graded independently. The grades of both components will then be combined to determine the apprentice's overall grade as outlined below:

Observation of Leadership	Professional Discussion	Overall Grade
Fail	Fail	Fail
Fail	Pass	Fail
Pass	Fail	Fail
Fail	Distinction	Fail
Pass	Pass	Pass
Pass	Distinction	Distinction

To pass the Observation of Leadership, apprentices must achieve all of the pass criteria for the Knowledge, Skills and Behaviours covered in this component.

To pass the Professional Discussion, apprentices must achieve all of the pass criteria for the Knowledge, Skills and Behaviours covered in this component.

To achieve distinction in the Professional Discussion, apprentices must achieve all of the pass criteria and at least 19 of the 24 distinction criteria.

Re-assessment

An apprentice who fails an assessment method, and therefore the End-point Assessment in the first instance, will be required to re-sit or re-take any failed assessment method only.

A re-sit does not require further learning, whereas a re-take does. Apprentices should have a supportive action plan to prepare for the re-sit or re-take. The apprentice's employer will need to agree that either a re-sit or re-take is an appropriate course of action.

The timescales for a resit or retake are agreed between the employer and Innovate Awarding. A re-sit/re-take is typically taken within 3 months of the End-point Assessment outcome notification. Where an assessment must be a re-sit, the maximum grade is a pass.

For a list of the re-sit costs, please see the Innovate Awarding website.

It is the responsibility of the employer and training provider to ensure that apprentices are ready to pass the End-point Assessments and Innovate Awarding will provide support materials to help prepare apprentices for their assessments.

Internal Quality Assurance

Internal quality assurance is conducted by Innovate Awarding. All assessments completed by an apprentice are subject to Innovate Awarding's Internal Quality Assurance Process.

External Quality Assurance

The external quality assurance organisation for the **Level 5 Leader in Adult Care** standard is the Office of Qualifications and Examinations Regulation (Ofqual). Ofqual may require access to an apprentice's assessments and may need to speak to the apprentice directly. Innovate Awarding have a responsibility to accommodate any reasonable request made by the external quality assurance organisation.
